

Midland Dobermann Club Championship 9th November 2025

I would like to thank the Midland Dobermann Club committee for their invitation to judge their Championship Show, also a big thank you to my two ring stewards for keeping things running smoothly.

And a big thank you to everyone for their entries and the great sportsmanship on the day.

Dentition, with the requisite scissor bites were overall good.

What I would like to take this opportunity just to warn about length in body and lack of substance that seems to be creeping in our breed, this should be addressed before it becomes a problem.

It was lovely to see some very promising baby puppies. I notice that the males were litter brothers, two excellent babies, with the brown boy having the edge today, the bitches were more feminine, and I loved my overall winner, she took everything in her stride, the future looks bright.

MPD

1st Cockneyoka Commander, Presents a square clean outline well angled front and rear, good length and depth to muzzle, dark eye, neat set ears, clean neck sloping top line, level tail set. Moved well, going through a rangy stage just now just needs time to develop on.

PD

1st Aniraz The Greater, Strong muzzle with good under jaw, dark eye, good head planes, skull a bit wide, ears well set, clean neck well, placed shoulder. Firm sloping topline with good tailset, good angles front and rear, tight feet moved very well. BPIS
